

GREEN CAPITAL

Drivers of the Energy Scene

#greencapital

#oiw.no

OCTOBER 18TH.
2 PM - 6 PM.
Toppcenteret,
OSLO SCIENCE PARK
#oiw2016

Succeeding with the green transition calls for new investment patterns, new capital flows and new energy power couples. We present a global energy outlook for the coming 10, 20 and 30 years, and discuss how Venture Capital, Business Angel Capital and legal consultancy can contribute to steering the energy market development.

Combined as a seminar and a matchmaking event, this event offers a unique opportunity for mingling with investors and growth companies within the Cleantech field.

OREEC is the main organizer of this event, collaborating with Innovation Norway, NVCA, INTPOW, Oslo Chamber of Commerce, Oslotech AS, NORWEA, BAN Norway, Kjeller Innovation, Oslo International Hub, LIAA and Selmer Law Firm. The event is part of Oslo Innovation Week 2016.

THE EVENT IS NOW SOLD OUT
