Languages spoken: Latvian, English, Russian

As a Senior Investment Advisor, my goal is to ensure the soft-landing of new companies and smooth expansion of the existing ones in the ICT and Business Service sectors in Latvia.

Before joining LIAA in 2018, I have worked for the leading commercial real estate advisory firm and participated in managing transactions with a total value of more than 150 million euros.

Currently, I am an MBA candidate at the Guanghua School of Management (Peking University) class of 2021.

☞ I am the lead advisor to investors looking for suitable Latvian companies interested in M&A and joint venture opportunities and I provide support for investors in food processing, woodworking and textile industries.

My professional background includes work as a customer service specialist in "Swedbank". My previous experience was with LIAA's Customer Service Division, in which I had the role of consulting clients on various State aid and EU Structural Funds programs as well as handling the questions about LIAA's export services. I joined the Investment Promotion Division in early 2015.

I have a bachelor's degree in International Sales and Marketing Management from VIA University College in Denmark.
